Greg,

Do you have any update on the status of the LEAF Control? In the meantime, can you or someone from Headquarters contact the signors of the letters to acknowledge receipt and inform them of the status of a response.

Thanks.

Frank

Ok – I have not heard anything yet.
Thanks.

Frank,

You should soon be receiving a reply from Greg Helms, if you haven't already.

Steve,

I understand Alex is out for a while and you are his back up.

Please see the-mail I just sent to Alex regarding the EZ Base control and the line of e-mails below. Can you look into this?

Thanks.

Frank

Subject: RE: Folow-up Letter to March 29, 20013, Control from Environmental Groups Re: Request to conduct Leaching Environmental Assessment Framework (LEAF) on EZ Base

Alex,

Did you hear anything from Greg or anybody yet? Alan Farmer is expecting to get an inquiry from our Acting Regional Administrator today as to the status of the response.

Thanks.

Frank

Hi Greg,

Please see the follow up message from Frank Ney, including a June 17 inquiry from citizen groups complaining about the lack of response of Florida's regulator to their concerns about the liberal use of EZ Base for the construction of roads.

Alex,

This is the follow-up letter (with new information) that prompted Region 4's inquiry into the status of a response to the March 29 letter.

Alex,

My understanding is ORCR took the lead on responding. Do you know, or know who would know the status of the response.

Thanks.

Frank
